- We completely reimagined the living room and dining alcove. This armoire is the new pantry, and the sculptural lighting is our clients' favorite design feature.
- Twin 96-inch custom-designed extra-deep sofas face the gorgeous stone fireplace and peacock-blue grasscloth accent wall.
- An intricate shell-inlaid bar cabinet defines the space between the living room and dining room/kitchen and adds a festive party feature as well.
- Accenting the entrance wall with gold leaf Moroccan wallpaper spotlights the original artwork with a nod to Nirvana and a message to new visitors—Come As You R.

Portfolio of Fine Interior Design

Beth Krupa Interiors

Beth Krupa Interiors (BKI) is an award-winning interior design firm specializing in remodeling and renovation.

Drawing from Beth's vast international travel and years of design expertise, BKI creates globally inspired one-of-a-kind interiors that are custom tailored to the individuals who live there.

"We pride ourselves on actively

listening to our clients' wants and needs and making the design process a collaborative and enjoyable effort. As a result, our clients' homes are uniquely distinct and personal, and reflect them," says Beth.

There is a deeper connection to the home now than seen in the recent past, and families have returned to the two lost luxuries of time and togetherness. Designing a

home that is beautiful, yet approachable and functional today and in the future, is a mission we stand behind with every project.

Beth, alongside her design team, have a Design Studio & Gallery located in the heart of downtown Greenwich, Connecticut, at 19 E Elm Street.
